iPhones will appear in Plus offer

Plus mobile network (Polsat Plus Group) informed about entering into cooperation with Apple and announced introducing iPhones for sale starting in May this year.

The operator will inform about the details of an innovative scheme in which the customers will be able to purchase smartphones soon. Customers interested in purchasing iPhones may subscribe to a special list on the website: [Plus.pl/iphone](https://plus.pl/iphone).

Plus emphasized that iPhones used by its customers were already covered by the technical support. 5G network of Plus supports all iPhone models of 12th and 13th series as well as iPhone SE (third generation). Additionally, the configuration of MMS and personal hotspot setting has been simplified for all handset models.

Polish regulator starts consultations on Plus licence extension

Polish telecom regulator (UKE) has started consultations on the draft decision to extend licences for the 1,900 MHz and 2,100 MHz bands to Polkomtel, the operator of Plus network (Polsat Plus Group). Plus existing licences to operate in the above mentioned bands will expire on January 1, 2023.

If the licences are prolonged by the regulator, Polkomtel will own 29.6MHz-wide part of the 2,100 MHz band (1950.1-1964.9 MHz and 2140.1-2154.9 MHz). The new licences would be valid for the next 15 years, i.e. until the end of 2037. If approved, Polkomtel will pay PLN 403 million for the bands.
