Netia achieves high sales volumes with Fortinet cybersecurity solutions

Netia has achieved the highest level of partnership — “Expert” — in Fortinet’s program, confirming its strong position in the cybersecurity services sector. This status requires meeting rigorous technical and business criteria, including completion of the NSE training program and reaching high sales volumes — according to Netia, Fortinet solution sales have reached “several million dollars.” Netia joins the group of Polish Fortinet partners with “Expert” status, alongside companies such as Nomios Poland, POINT, and SOFT. The collaboration with Fortinet enables Netia to deliver comprehensive solutions that enhance IT security in enterprises.

In the third quarter of 2025, 399,338 mobile numbers were ported – UKE

The Office of Electronic Communications (UKE) reported that 399,338 mobile numbers were ported in Poland during the third quarter of 2025 — approximately 4,400 more than in the previous quarter. The operator Play (P4) recorded the highest positive net balance, gaining 26,082 SIM card users. The largest outflow was noted by Polkomtel (Plus network operator), with a net loss of 51,735 numbers. Other Cyfrowy Polsat Group subsidiaries, Premium Mobile and Netia, recorded positive balances: +3,569 and +4,975 numbers, respectively. T-Mobile ended the quarter with a net loss of 11,331.

Polkomtel to provide mobile phone services for the Chancellery of the Sejm

The Chancellery of the Sejm has concluded a tender for mobile phone services, awarding the contract to Polkomtel sp. z o.o., operator of the Plus network. Polkomtel's offer received 96.17 points, outperforming the competing bid from T-Mobile Polska (76.49 points). The agreement, valued at PLN 3.5 million, was signed on September 30, 2025, and will remain in effect for four years. Polkomtel will provide comprehensive mobile services for the Chancellery of the Sejm, marking a significant strengthening of its position in the public sector segment.

Netia awarded by the European Commission for connecting Ukraine with the EU

The East West Gate (EWG) project implemented by Netia – a network providing high-capacity connections between Ukraine and European Union countries – has won the European Digital Connectivity Awards 2025 in the category of “Cross-border and international connectivity.”

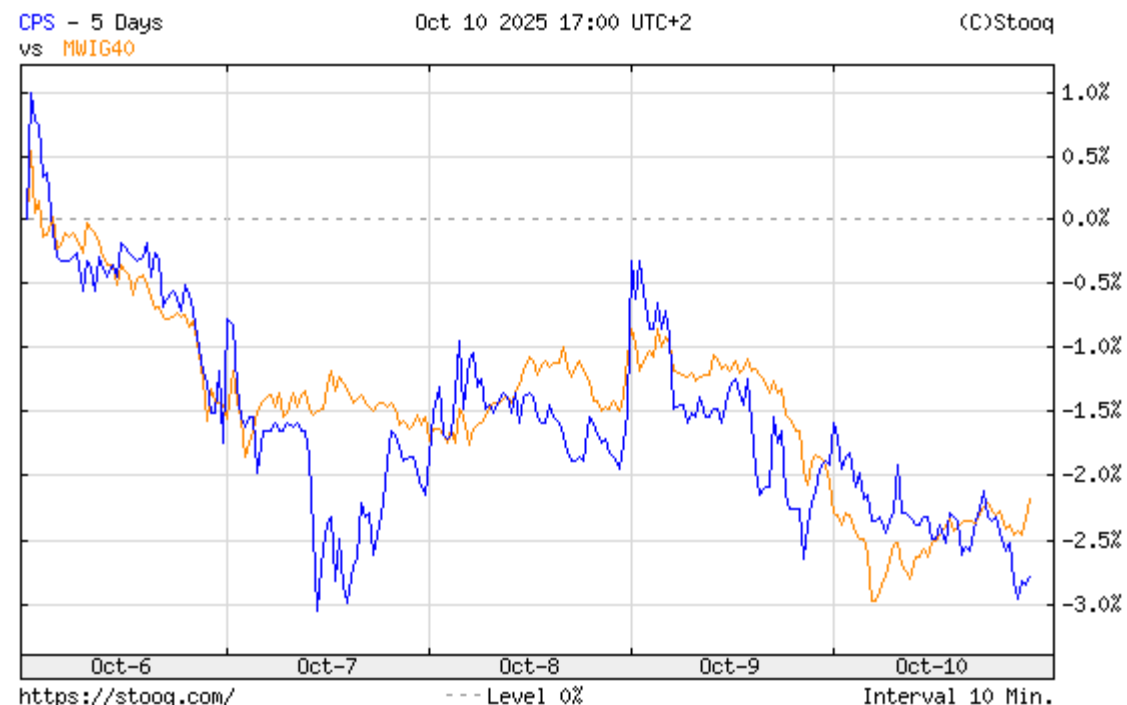

The European Digital Connectivity Awards competition, organized by the European Commission, aims to recognize projects that implement modern, high-performance digital infrastructure, including initiatives that reduce the digital divide both within the EU and across borders.

“The European Digital Connectivity Award is a great honor for us and a confirmation of how effectively we respond to the challenges of modern digital transformation and network integration between EU countries and neighboring states,” said Marcin Palkowski, Director of Technology and Network Management at Netia.
