Plus introduces dedicated 5G tariffs and expands the offer of 5G devices

by Marek Jaślan

Plus network (a Cyfrowy Polsat Group company) has launched two new 5G-dedicated tariffs.

5G monthly access fees for residential customers are PLN 70 and PLN 75 (which includes the discount for selecting the e-invoice). The tariffs differ in terms of the size of the data bundle (24 GB and 72 GB respectively). Both subscriptions also offer unlimited voice calls, SMSs and MMSs to all networks in Poland and while roaming in the EU, as well as a 120-minute bundle for international calls.

5G subscriptions for companies cost PLN 70, excl. VAT (PLN 86.10, incl. VAT) and PLN 75, excl. VAT (PLN 92.25, incl. VAT). The subscriptions offer monthly data bundles of 30 GB and 85 GB, respectively. Both subscriptions also include unlimited voice calls, SMSs and MMSs to all networks in Poland and while roaming in the EU, as well as a 240-minute bundle for international calls.

Over the next few days Plus will expand its offer by adding further devices supporting 5G services in 2.6 GHz frequency band, namely a Motorola Edge smartphone with Google Mobile Service and a Huawei 5G CPE Pro 2 router.

At present, 5G network services can be used by all Plus and Cyfrowy Polsat customers. Once the promotional period ends, data transmission in 5G technology will be available only for the users who will opt for the 5G tariff offer.

Who will lead Orange Polska from September?

by Urszula Zielińska

Orange Polska informed that the CEO of Orange Polska will be replaced in September. The current CEO, Jean-Francois Fallacher, will become the CEO of Orange Spain.

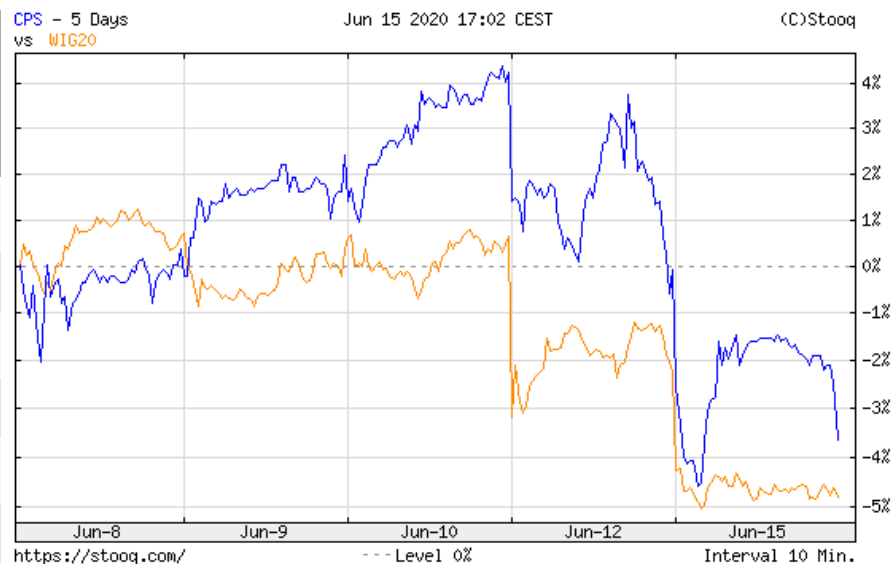

The nomination for the position of the new CEO of Orange Polska will be announced by 1 July 2020.

This year Orange Polska is completing the several-year-long implementation of Orange.one strategy. Last autumn the parent company presented a new plan for the group (Engage 2025). The assumptions include strong EBITDA growth in Orange Europe segment, in which Poland accounts for 43 percent of the EBITDAaL result for 2019.

Cyfrowy Polsat shares

Data	Maximum price (PLN)	Minimum price (PLN)	Closing price (PLN)	Change (%)	Turnover (mPLN)
