Current Report no.: **34/2010**

Report date: **16 December 2010**

Subject: **Conclusion of an agreement regarding provision of data transfer services**

The Management Board of Cyfrowy Polsat S.A. („**Company**”) hereby announces that on 15 December 2010 the Company and Mobyland Sp. z o.o. („**Mobyland**”) had signed the agreement regarding co-operation between both parties in the field of data transfer services provided by Mobyland to the Company.

According to the agreement Mobyland will provide an access to the wireless data transfer service, based on 1800MHz and 900MHz bands in LTE and HSPA+ technology, respectively. The maturity of the agreement is unlimited and its value will be defined based on separate orders placed by the Company, regarding the purchase of data transfer service, expressed as a number of GB.

At the agreement date, the Company placed an order no. 1, regarding purchase of 12 GB of data transfer service with the guaranteed utilization period by 31 December 2013 and price of PLN 0.00903 per MB. The payment will be done in 12 equal monthly installments, starting from January 2011. The above mentioned order fulfils in the assumed period the operational requirements of data transfer services provided to the current and new company’s clients.

Next orders will be placed in later periods, and its value will depend both on geographical coverage of Mobyland network and capacity of data transfer service required.

Conclusion of the agreement determines the execution of the company’s strategy assuming offering of an integrated offer, including Internet access services.

Legal basis: Art. 56 sec. 1 item 1 of the Offering Act.
